

United Concordia's mobile app, [Chomper Chums®](#), recently won the iCon: Apps & Information Architecture Award from The Pittsburgh Technology Council (PTC).

United Concordia Dental received this prestigious award at PTC's 2013 Annual Design, Art and Technology (DATA) gala event, which is one of Western Pennsylvania's biggest events of the year.

This year's competition featured more than 40 of the region's most inventive design and technology projects and an interactive exhibition party where guests could learn more about the winners and their award winning technology.
